

CO2, Temperature & Humidity Sensor

Connected AirWits CO2 Plus is a connected CO2, temperature, and humidity metering device with an E-ink display for real-time monitoring with ultra low lifetime costs.

High performance

Low cost

Ultra-Long Battery Life

Small & Compact

Simple Installation

Measuring Interval
Default: 15 minutes
Range: 10 - 60 minutes

CO2 Range
0 to 5 000 PPM

Display
1,52" with 3 colour E-Ink.

Temperature Range
0 to 60 °C

Humidity Range
0 to 95 %

Connectivity
Sigfox RCZ1 / RCZ2 / RCZ4 / RCZ7

Batteries & Battery Life
4 x A 3.6 V
Up to 5 years on default settings

Features
Measures, sends and displays the data
Screen update interval:
10 minutes (configurable)

Enclosure
ABS plastic for indoor use

Dimensions
100 x 100 x 23 mm

Weight
220 g

Applications

 **Facility Management**
Buildings, Offices, Hospitals

 **Storage Rooms Monitoring**
IT equipments, F&B,
Pharmaceuticals

 **Warehouse Conditions Monitoring**
Preserve quality of stocks

The total solution also includes a dashboard to monitor all devices and collected data.
